KEY POINTS FROM GENERAL MEETING - AVALON SAT. 9TH APRIL 2011

The main points from the general meeting were around the making of recommendations for next year's rule book which will be the main agenda of the National Conference in June.

Action: Our recommendation to be sent by the secretary to the national body for inclusion

Recommendations

General

Victoria Number#1

Gary Bowden moved that we allow all state title holders to carry the number 1 on their cars with the state prefix.

Visor Numbers

We recommend Fluorescent Yellow numbers be placed on sun visors of all cars nationally

Be placed in the top right hand side corner

Be a minimum of 130mm High.

This will assist in identifying cars by lap scorers.

Engines Rules

Gary Bowden moves a motion to have all part numbers approved for use in engine be list in the rule book under the area in which they relate. ie valve springs.

Seconded: Kevin Reeves Carried

Gary Balcombe Moved a motion that the rule book include a statement / rule that states "If it's not in the rule book it's not allowed"

Seconded: Mick Parry Carried

Gary Balcombe moved that is a motor fails the whistler test that a driver and or owner can have the right to have a further test to verify its legality. This would be done at the Drivers/owners expense.

Seconded: Peter Green Carried

Racing Rules.

a. Yellow/Red Light Stoppages.

We ask for "In the case of yellow or red light stoppages only the car(s) who are deemed the primary cause and cars who cannot start under their own power to go to the rear of the field. All other cars to restart in their original position NB: Chief Steward to have discretion.
